Biography

Twesha Dogra is an Associate in the firm's Insurance Solutions Practice group, concentrating principally on insurance coverage analysis and litigation. Her practice includes a focus on data privacy matters, where she assists data clients with data breach response claims and conducts extensive privacy law research to ensure regulatory compliance.

Prior to joining the firm, Twesha interned at a Kansas City law firm and gained experience in general litigation matters, including personal injury and housing fraud.

Born and raised in New Delhi India, Twesha's passion for the law developed from her interest in human psychology and logic. She received her Juris Doctor degree from the University of Missouri in 2022 and her Bachelor's Degree from the University of Delhi in 2018. Her electives in law school revolved around general business and transactional law courses, along with an active participation in dispute resolution classes. During her time in law school, she served as the Mediation Competition Director and participated in the entrepreneurship legal clinic in her 3L year.

Music has been a big part of Twesha's life, which is only seconded by her love for traveling, Harry Potter, the MCU, and Karaoke. She remains to be fascinated by the Cosmos, because as the Ancient One said, "You're just another tiny, momentary speck within an indifferent universe."

Education

- University of Missouri School of Law, J.D., 2002
- The University of Delhi, B.A. in Commerce (Honors), 2018

Languages

- Hindi
- Punjabi (Conversational)

Representative Matters

- Secured summary judgment on behalf of property owner and management company defendants in a Bronx County premises liability action arising from an alleged slip-and-fall on an interior stairwell. Successfully established that defendants neither created nor had actual or constructive notice of the alleged hazardous condition through strategic use of deposition testimony and maintenance records, resulting in dismissal of the complaint in its entirety
