Dear Attorney Rosner:

Let me take the opportunity to not only thank you but express my appreciation to you for your participation in our "Job Shadow Day" as a mentor to one of our high school students.

This experience provided an invaluable opportunity for the student(s) you mentored. Our students deeply appreciate the interest that professionals from the local businesses have shown in their future. I am sure they not only value your time but also your knowledge and expertise as they got a glimpse of what the "real world" will be like.

Once again, my sincere thanks. I can only hope that you will open your doors once again in the future.

Sincerely,

Timothy P. Hearney, Ed.D.
Principal
